We wanted to let you know about some exciting changes happening at our practice. Rutland House Vets has been supporting local pets and their owners for over 65 years, and during that time we have learnt a thing or two about what makes great veterinary care.

To celebrate how far we have come over the years, we will be getting a fresh new look! Keep an eye out for our new branding and websites coming soon.

All of our sites will be getting involved in our next chapter to bring you and your pet a cohesive experience across our practice. This means that our Penketh and Grappenhall sites, which have been part of our practice family for a while now, will be rebranded with our fantastic new Rutland House signage.

We are also delighted to share that our Penketh and Grappenhall branches will be joined by our Halton View branch, which will be reopening its doors to our clients and their pets on Monday 3rd November 2025. Please be assured that very little will change for you and your pet; your lovely Maple Vets, Penketh and Grappenhall team members will not be going anywhere, and will continue to work in harmony with our other Rutland House branches to bring you and your pet the highest standards of veterinary care.

Rutland House, Halton View

Our emergency procedure will also remain unchanged. You and your pet can access 24-hour care, 365 days a year, at our Rutland House Veterinary Hospital, which is the only RCVS-accredited veterinary hospital with outstanding status in our area. In an emergency, please contact the team on 01744 853520.

If you are a member of our Pet Health Plan, then your plan will continue uninterrupted from your usual branch. You are also welcome to elect the Halton View branch as your home branch – please just contact our team to arrange this.

Please do not hesitate to get in touch if you have any questions. We look forward to seeing you and your pet soon!

All the best,
The Rutland House team
